WEEK 3			
TASKS ACCOMPLISHED	CHALLENGES ENCOUNTERED	SOLUTIONS DONE	REMARKS
1. I checked the rj45s because some Personal Computers were reported on not receiving any internet connection. After checking and troubleshooting, I surveillance the Personal Computer if it still not receiving internet connection.	1. No challenges as I had prior experience in doing rj45 wirings	1. I just did my task with diligence	
2. My supervisor sought my aid to move and organize props that were used at the Festival. These props were moved to the gymnasium.	2. The task though simple, requires physical labour with is quite tiresome	2. I just did the task with diligence	
3. I monitored PCs in the Computer Laboratory before and after classes are over, to make sure that all components are in good shape and reported to the laboratory head.	3. No challenges encountered today	3. Not Applicable	
4. I started to collect props materials such as foams and cloths glued to the chairs, and we put all of them in a bag. After that, I received a report that a professor's Personal Computer is not receiving any internet connection; I start to diagnose and troubleshoot-- from cleaning the rj45 port to restarting the PC. I ended up fixing the anomaly. I also connect all PUP staffs and teachers to the internet due to the Wi-Fi changing passwords.	4. The personal computer still won't connect to the Internet after checking the rj45 and configuring with the computer's settings.	4. I just make sure that the rj45 is placed firmly and make sure the View Connected Devices are enabled	
5.	5.	5.	
6.	6.	6.	
7.	7.	7.	
WEEK 4			
TASKS ACCOMPLISHED	CHALLENGES ENCOUNTERED	SOLUTIONS DONE	REMARKS
1. I connected all PUP staff's, faculty's laptop and phones to the internet due to the Wi-Fi changing passwords.	1. No challenges happened today as the task are simple	1. I just did the task with diligence

WEEK 5			
TASKS ACCOMPLISHED	CHALLENGES ENCOUNTERED	SOLUTIONS DONE	REMARKS
1. I cleaned the computer laboratory and checked all computers, and after that, I create some rj45 wirings, we replaced the old one as it was ruined.	1. Challenges hadn't occurred today as creating an rj45 is easy.	1. I just did the task that was given.	
2. After I checked the computers, I cleaned the air conditioners as it accumulated dust and gunk in its parts, after that we checked some access point whether it gives internet connection or not.	2. The access point clearly renders internet connection but still, the complaints were said "they can't connect to the internet"	2. I reported it to my supervisor	
3. I monitored PCs in the Computer Laboratory before and after classes are over, to make sure that all components are in good shape and reported to the laboratory head, and after that I checked if some computers have essential applications.	3. No problems occurred today	3. Not Applicable	
4. I monitored PCs in the Computer Laboratory before and after classes are over, to make sure that all components are in good shape and reported to the laboratory head.	4. No challenges happened today	4. I just did my everyday task with diligence	
5. We returned the television to room 102 and the things that were used at the event. After that, we were given a task by my supervisor; the task was simple, fill out some rating sheets.	5. The structions when filling rating sheets; leaving me perplexed	5. I just asked my supervisor and request for a visual presentation so I can truly grasp what is the task being given to me	
6. The task of filling out some rating sheets continued, after filing it we organized it and sent it to the office.	6. No challenges ocured today, as the task were now clear and plain simple	6. I just did the task bestowed to me	
7.	7.	7.	
WEEK 6			
TASKS ACCOMPLISHED	CHALLENGES ENCOUNTERED	SOLUTIONS DONE	REMARKS
1. Early on today, we received a report that the internet is down again. So my supervisor instructed us that put all personnel computer's IP address into dynamic to temporarily connect that, while doing so we configure at what is going on to the internet connection.	1. Challenges didn't aroused this day, as setting IP addresses in static is very easy.	1. I just did the task with diligence
